Thine honor is our one delight,
C-F Hi, our C-F Hi.
Thy colors true are red and white,
C-F Hi, our C-F Hi.
We love to linger in thy halls,
Thy spirit now each heart enthralls.
And e'en the ivy on thy walls,
Speaks to us of C-F Hi.

Thou are not living in the past,
C-F Hi, our C-F Hi.
Thy high ideals must always last,
C-F Hi, our C-F Hi.
In classroom, field, or factory great,
We labor on to dedicate.
The glory of what we create,
To our dear, old C-F Hi.

Foreword

WE WORK BEHIND THE SCENES

We, the Redskins Staff, began in 1961 to plan this annual and tried, with some success, to bring between its cover new ideas. Even with all the hard work, it was a lot of fun; taking pictures in silly and serious poses, writing the class prophecy, will and school activities, trying to talk everyone we saw into buying an annual. Too, it was fun getting out of classes with some excuse or another to work on the Redskin.

The Staff hopes that in years to come you will open the Redskin and recall all the pleasant memories that you have of this year.

Annual Staff of 1962

Dedication

We the Senior Class of 1962 dedicate this annual to Mr. Hal D. Vaughn in grateful appreciation of his constant guidance and contributions throughout our high school years.

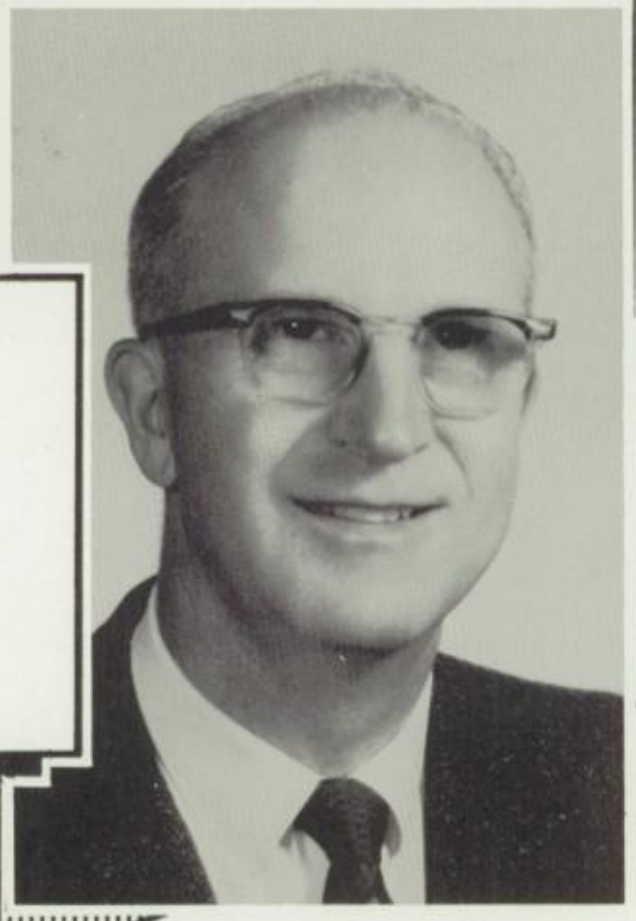
Superintendent's Message



Your superintendent enjoys this opportunity through your yearbook to extend a brief message to your class of 1962 and to the students of Camden-Frontier School.

Graduation and the close of a student's high school days brings to each one a sense of anticipation and excitement, It is like the dawn of a new day that promises wondrous gifts and unbounded happiness. Each student faces this day with a sense of achievement. This achievement is the reward of years of striving to satisfactorily meet the requirements of the school and its teachers. Day after day the tools of learning and thinking have been placed in your hand. You were able through the years to learn principles of worthy living and worthy citizenship.

You will soon be on your own, and there are some important objectives for you to consider that will aid in your success and happiness.

Set goals to strive for. You will better achieve these goals if you have an appropriate attitude to support these goals. Believe in these goals sincerely. Be determined and never wavering to attain them. Be happy as possible with the work you choose to do. Dare to attempt new things and search for new ways to arrive at conclusions.

Continue to read and study for the rest of your life. Some may wish to further their education by attending college, business or trade schools. Have and continue to develop hobbies.

Try to travel each year, but be sure to plan your travels wisely. Travel is a rewarding educational pleasure that will bring rich dividends to you.

Always maintain faith in yourself, your fellowman, your country, and God.

Principal's Message

Every senior in the 1962 graduating class has had many and varied past achievements and experiences. You have taken these accomplishments with humility and pride, whether it be in academic honor rolls, class offices, student secretaries, dramatics, or athletics. Along with these past achievements you are now going to receive the ultimate, your high school diploma. As principal of your school I hope each and every one of you will accept the responsibility of your high school education and use it as a stepping stone for futher experiences or a higher education.

You owe a great deal of thanks to your parents and to your school district since they are responsible for your school facilities and all the finances involved. They made it possible for you to have a better and broader education than was possible for themselves. To do this it took planning, work and money and faith in the younger generation. You are about to shoulder this responsibility for the next generation. This responsibility must be accepted by you if our nation is to grow and prosper. This will mean additions to curriculum, added facilities, more resources and equipment, and larger staffs. These are musts if our younger generation is to compete nationally and internationally.

As an educator I feel confident that you will accept this responsibility and also find your place in your chosen work or profession. The preparation you have received is the best we could provide or the best you would accept, the rest is entirely up to you. Your ambition, ingenuity, sincerity and cooperation has played the important role in the past and it will continue for your future.

Class Prophecy

Wow! 1980 has sure come fast. A few weeks ago I was shocked when I was called to court. An unidentified person had named me in her will to receive her life's savings of $10 million. I decided to travel. First I looked up all my former classmates and here is a report as I have found them. JO ANN BOOTHMAN, VINCENT GRATZ, and KAREN GALLIPPO are the most famous singers on television. LYNETTE BROWN is the secretary at good old Camden-Frontier. MARCELLA HEADLEY has recently been chosen supervisor of the teachers at C-F because of her past acquaintances. SUJEAN DRAKE is school nurse at C-F. ROBERT KUSTER, LEON SHROATS, RICHARD SWAGER, and JOHN BEARDEN are on a big game hunt in Africa. NORMA DAVIS stayed at home because of her job as bus driver at C-F. Naturally she hauls her own children. LINDA PATTERSON has taken over the place of Betty Crocker. TOM JENSON was elected Governor of Michigan in the last election. MILDRED PENOYAR has succeed in making her life dream come true. She is now doctor to President Nixon. JULIE BOWLES is secretary at the Air Force Base in Texas. LYLE BIRDSALL is commonly noted for his "bird talk" in Congress instead of "fillibustering." LINDA BUNCE is now working with JUDSON STANLEY for a trapeze act in the Ring Bros. Circus. SUSAN TENBROECK was recently hospitalized for taking an over dose of sleeping pills. You know those actresses in Hollywood. ERNEST ASH is head judge for the Miss America contest. GERALD GOLLNICK decided to sell his oil rig after making a nice fortune. LOU ANN STRINGHAM, GAY MOORE, and LINDA RICKARD are making personal appearances in a Night Club in the big city of Camden. DIANE THORP is the first person to live in a bomb shelter on the moon. ARNOLD WALWORTH is operating a mink ranch. Now he can give his wife a new mink each year. GERALD LANGE retired from farming to devote more time to the spending of the money from his 50 oil wells. LINDA FEE and her husband are taking a second honeymoon cruise in the Carribbean Sea. JEANNE HAUGHEY is the ambassador from the United States to the moon. DARRELL BROUGHMAN is professor at the University of Michigan. SANDRA MILLER is head cook at C-F. DR. LOWELL BURGER is a famous scientist in California, JERRY HUKILL is peacefully helping as his assistant. VONDA ANSPAUGH is the hair stylist of movie stars in Hollywood. LINDA GREEN and LOUISE EDINGER are fashion designers in New York City where they own their own profitable shop. PATRICIA HUKILL is living on a ranch in Texas with her husband. DALE and YALE JENKINS are now playing football on the All-Star team. CATHERINE OGLESBEE was recently voted the most famous modern painter. DAVID SEELY has finally succeeded inventing a certain product to be used in steel to keep cars from smashing or denting. MARILYN ORTH has taken the place of Liberace. MICHAEL HEPHNER'S wit has made him a famous inventor. He makes cat and dog food in plastic squeeze bottles for space travel. MARGARET SPINNE is now starring in a film, "That Wonderful Year 1962." SONIA WEBB is the Daredevil Champion of the world. She practiced at Indianapolis. DOUGLAS GRIMM, still a bachelor, is a Rolls-Royce dealer at Palm Beach, Florida.

I have decided I have traveled enough looking for my classmates of '62 so I will now relax and enjoy my $100 thousand home in New York City.

Sincerely,

BETTY SOUTHWORTH
